Dear Dr. Frost:

This is to advise you that in August IBM invited Wesconn to participate in its "Technical Gifts Program." As a result of this invitation we advised their agency on October 10th that we should like to accept their invitation to apply for certain of the items which our faculties in the various departments believed would be useful. On the 27th of December we were advised that we had been favorably considered in the allocations and would receive a substantial number of the items requested. As of this week we are in receipt of the items allocated. These consist of the following:

- 1 #086-253-018 Diagraph Mod. DN3562 R
- 1 #177-253-015 Oscilloscope Mod 531 T
- 1 #238-253-024 Spectronic 20 Baush-Lom
- 1 #261-253-019 Univ Eput and Timer
 Mod 7370 Beckman
- 1 #190-253-021 Plug-In Mod 53/54B TE

It is customary, I am advised, for the Board through its representative to acknowledge receipt of all gifts and bequests of this nature. I am therefore including copies of the exchange of correspondence for your background information and for the preparation of the appropriate communication from the Board.

We would appreciate a copy of the correspondence emanating from the Board on this matter.

Sincerely,

Gilbert E. Teal
 Dean of the College
