## RESOLUTION

Extending Existing Policy

concerning

Transfer of Students

December 13, 1972

WHEREAS, the Regional Community Colleges have established transfer curricula providing the first two years of baccalaureate study, and

WHEREAS, the State Colleges, as part of the public system of higher education in the State of Connecticut, accept the obligation to provide the opportunity for graduates of the public Community Colleges to continue their education to the baccalaureate level, be it

RESOLVED, that it is the policy of this Board that graduates of the transfer programs in the Regional Community Colleges who receive the Associate in Arts or the Associate in Science Degree be admitted to the State Colleges provided they are recommended for such admission by the President of the Regional Community College granting the Associate Degree and provided they make application for admission by a common date specified by the colleges and that they make application in the manner prescribed by the colleges, and be it further

RESOLVED, that such students be admitted to the third year of study on the same basis as sophomore students are admitted to junior standing on the campus to which the Regional Community College graduate is admitted, and be it further

RESOLVED, that such students shall be required to complete not less than two years of study at a college granting baccalaureate degrees before the bachelor's degree may be awarded, and be it further

RESOLVED, that the guarantee of admission shall be to the State College system and not to a specific campus, and be it further

RESOLVED, that the implementation of this resolution be subject to on-going studies and further, that the Trustees will review this policy by the end of 1975.
