RESOLUTION

concerning

THE PURCHASE OF A PREFABRICATED STEEL BUILDING
by
CENTRAL CONNECTICUT STATE COLLEGE

June 9, 1978

WHEREAS, The State Fire Marshal has condemned the wood-frame maintenance garage at Central Connecticut State College, and

WHEREAS, In compliance with the State Fire Marshal's order the building has been vacated and locked, and

WHEREAS, A maintenance garage is needed to provide for vehicles and equipment used by Central Connecticut State College; therefore, be it

RESOLVED, That, if the Board of Higher Education concurs the present building be razed and a prefabricated steel building be erected at Central Connecticut State College and used as a maintenance garage, provided the cost of such construction shall not exceed thirty thousand dollars (\$30,000).

Dear Ted:

With reference to your letter of August 2, 1978, I can indeed tell you that we have gotten a verbal go ahead from the fire marshall. I am unable, however, to give you anything positive until (1) the fire marshall has given us something in writing, and (2) the Board of Trustees has approved the use of the facility for this purpose. With reference to the letter, I can present your request to the Planning Committee of the Board at its meeting August 16. It will be helpful to me with reference to that meeting if you would submit a short statement prior to August 9, 1978, briefly outlining the project and the purpose to which the space will be used. In any arrangement agreed to between the College and the Historic Resources Survey, the latter will assume full responsibility for cleaning and maintaining the space it occupies and will provide whatever insurance and/or assurances state law and College regulations may require.

I would suggest meanwhile that you visit the Nathan Hale to see if Room 112 will give you sufficient space; I have looked at this room and it appears to me to be adequate. I cannot at this time promise you the student lounge. With reference to the two typewriters, two typewriter tables, one desk and swivel chair, I can make no promises in this regard. We can try to help you. As for the four assigned parking spaces, I'm sorry I have none to offer you.

With best wishes.

Sincerely,

A handwritten signature in cursive script, reading "Charles R. Webb", followed by a long horizontal line.

Dear Dr. Webb,

I was very pleased to hear from Angela that the Fire Marshall has approved the use of the Nathan Hale Hall for office space. I hope that we will be able to secure a space as an in kind contribution. This would be a "boost" for Labor Department approval of our CETA project.

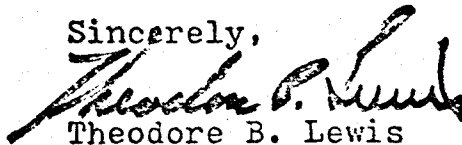

We would be grateful for any space and equipment that you can provide, but the following would be desirable.

1. The student lounge on the second floor.
2. Two typewriters.
3. Two typewriter tables.
4. One desk and swivel chair.
5. Four assigned parking spaces.

The time is getting close for submitting our grant proposal to the Labor Department. Therefore, I am going to assume that we will have the use of the lounge. If not, we will just have to make other arrangements.

I appreciate your help on this matter. Once we have a confirmation on the grant, I will get in touch with your publicity people to ensure that ECSC gets credit for its contribution.

Sincerely,

Theodore B. Lewis

RESOLUTION
concerning
THE USE OF SPACE IN NATHAN HALE HALL
BY HISTORIC RESOURCES SURVEY
at
Eastern Connecticut State College

September 8, 1978

- WHEREAS, Historic Resources Survey, a non-profit civic organization located in Willimantic, Connecticut, desires to use space in Nathan Hale Hall at Eastern Connecticut State College for the purpose of carrying out a CETA-6 project sponsored by the Regional Planning agency, and
- WHEREAS, There presently is space available in Nathan Hale Hall which will not be used by the college in the immediate future, and
- WHEREAS, The college administration believes that the proposed project will be of benefit to the State of Connecticut and that it is appropriate to the purposes of an educational institution, be it
- RESOLVED, That the Board of Trustees for State Colleges authorizes, without charge, the use by Historic Resources Survey of space in Nathan Hale Hall known as Room 112 and, if it meets with the approval of the President of Eastern Connecticut State College, space on the second floor known as the student lounge, and be it
- RESOLVED, That such authorization is subject to the following stipulations:
1. That the proposed use shall have the approval of the State Fire Marshal.
 2. That approval for the arrangement shall be given by the appropriate State agencies.
 3. That Historic Resources Survey shall provide all required insurance coverages.
 4. That Historic Resources Survey shall provide all cleaning and maintenance for areas used.
 5. That the arrangement can be canceled by either party at any time through a sixty-day written notice.

SUBJECT

As you can tell from the attached correspondence a request has been made for office space on the second floor of the Nathan Hale.

The cause being both worthy and educationally bona fide, I am strongly inclined to honor Dr. Lewis' request. I am particularly sensitive to possible charges that the facility is not being used and I have good reason to believe not only that at least one local agency is interested in renting space but also that the College's offering this space free will not militate against the idea of renting.

I would appreciate having the opportunity to discuss this matter at the Planning Committee meeting of August 16, 1978.

Eastern Connecticut State College
Willimantic, CT 06226

Dear Dr. Webb:

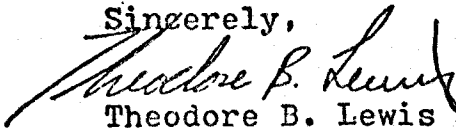

Thank you for your letter of the third. I have inspected room 112 in the Nathan Hale Hall and it would be adequate for our purposes. I understand that parking space is at a premium. We would still appreciate the loan of desks and typewriters, if you could make them available. We will assume responsibility for maintenance and any insurance requirements.

The CETA -6 project will be sponsored by the Regional Planning Agency. It will employ twelve persons. The project can best be described as a continuation of the 1930's Writers' Project Manuscript Catalog which was never completed. We will inventory local and state holdings and write an annotated catalog of the manuscript sources for the history of North-eastern Connecticut, oral histories of two or more towns, and possibly write a secondary school field trip guide. I have to discuss this further with Superintendent Vaughn Clapp of Chaplin. We will work on the history of the early mills and the ethnic groups that staffed them.

As of this date, the project has been endorsed by Dr. Thomas Anderson of your History Department, Dr. Albert Van Dusen, Historian of the State of Connecticut, and Dr. Richard Brown, Head, Department of History, University of Connecticut. Copies of their letters of support are available on request.

Please let me know if you need any more information.
Thank you for your interest in this project.

Sincerely,

Theodore B. Lewis
Project Director

Dear Dr. Frost:

At the Board of Higher Education meeting on Tuesday, June 27, 1978, a quorum being present and voting, the following resolutions were approved:

- 78-F37-S To approve an agreement with the Second New Haven Bank for the establishment of a banking facility on the Southern Connecticut State College campus.
- 78-F47-S To increase the College General Fee at Eastern Connecticut State College from \$99.00 to \$104.00 per academic year effective with the fall semester of 1978.
- 78-F48-S To raze the wood frame maintenance garage at Central Connecticut State College and to erect a prefabricated steel building to be used as a maintenance garage.

I hereby certify that these are true copies of the resolutions.

Sincerely yours,
