RESOLUTION

concerning

THE STANDARDIZATION OF DATA PROCESSING EQUIPMENT

June 11, 1982

- WHEREAS, Much progress has been made in the establishing of computerized data systems for the State College System, and
- WHEREAS, The Trustees desire to continue that progress through the standardizing of the equipment used to produce accounting, statistical and other information, such standardization being a source of time and monetary saving as well as providing back-up personnel and equipment for the entire State College System, be it
- RESOLVED, That, within the Connecticut State College System, data processing equipment used for administrative purposes shall be standardized and shall be compatible with equipment already installed at Central Connecticut State College and Southern Connecticut State College, and be it
- RESOLVED, That, such compatible equipment shall be installed at Eastern Connecticut State College, at Western Connecticut State College and at the Central Office, and be it
- RESOLVED, That, as such standardized equipment is installed, each College shall investigate software currently used within the System, where applicable, and shall make use of such software.
