RESOLUTION

concerning

PROPOSED REVISION OF BUDGETARY SYSTEM

September 1, 1983

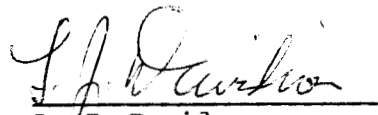

BE IT RESOLVED,

That the Trustees for the Connecticut State University request Section 10a-8(b) be reconsidered by the General Assembly.

In the first paragraph of the "Goals and Procedures Statement concerning the Development and Implementation of a New Budgeting System," (distributed on July 20, 1983) the Board of Governors states that its intent is "to ensure that constituent units and institutional representatives are provided ample opportunity to participate in the development of the new budgeting system." The Trustees believe that this intent is being violated and that ample opportunity for such participation is not being provided.

The Trustees vigorously oppose the folding in of the Extension Fund into the General Fund.
