Mr. Mark Sullivan  
Associate Commissioner  
Department of Higher Education  
61 Woodland Street  
Hartford, CT 06106

Dear Mark:

Enclosed is a copy of a resolution passed by the Connecticut State University Board of Trustees on March 1, 1985 which authorizes the university president to contract for Foreign Student Medical Insurance. As you probably recall, this program provides sickness insurance for the approximately 400 students in Connecticut State University on temporary visas. These students can represent a special problem if they become ill because of their ineligibility for public assistance. The sickness insurance program we are proposing is identical to that offered to our domestic students on an optional basis.

The rate increase this year reflects significant increases in claims under this program. While it is a large one, we are convinced that it is justified and that the program still represents a good bargain for our students.

We are guilty of an oversight in not incorporating into the enclosed resolution a provision raising the foreign student medical insurance fee. We will present that resolution to our Board on April 12 and will mail you a signed copy immediately thereafter.

In the meantime, I am sending you this matter so your staff can begin to work on the fee increase to \$55.80

Thank you for your assistance.

Sincerely,

Thomas A. Porter  
Vice President for  
Academic and Student Affairs
