## RESOLUTION

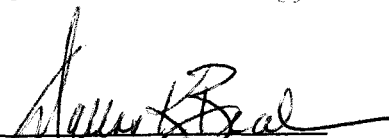

concerning

### AN AIDS POLICY for STUDENTS AND EMPLOYEES of CONNECTICUT STATE UNIVERSITY

May 1, 1987

- WHEREAS, Acquired Immune Deficiency Syndrome (AIDS) has become a health problem of overwhelming proportions with over 1,500,000 Americans believed to be infected, 270,000 of whom are expected to develop the active disease by 1991, and
- WHEREAS, College students have been identified as a population particularly at risk of contracting the disorder, now, therefore be it
- RESOLVED, That the Presidents of the campuses of Connecticut State University are directed to oversee the development of a comprehensive AIDS virus education and prevention program for students and employees under procedural guidelines approved by the President of Connecticut State University, and be it further
- RESOLVED, That campus personnel shall analyze individual circumstances and respond to persons with AIDS or AIDS-related conditions on a case-by-case basis consistent with humane considerations and the rights of the persons affected, and be it further
- RESOLVED, That consideration of the existence of AIDS, AIDS-Related Complex, or a positive HTLV-III antibody test should not be a part of the admission decision for prospective students or the hiring decision for prospective employees.
